

**1 | If you have ordered our crop protectors here are the attaching and use Instructions.**

For support email [woodblocx.co.uk](mailto:woodblocx.co.uk) or call 0800 3891420

Crop protectors are to be placed in every corner of the raised bed attached to the capping and above each buttress for raised beds over 2250 mm

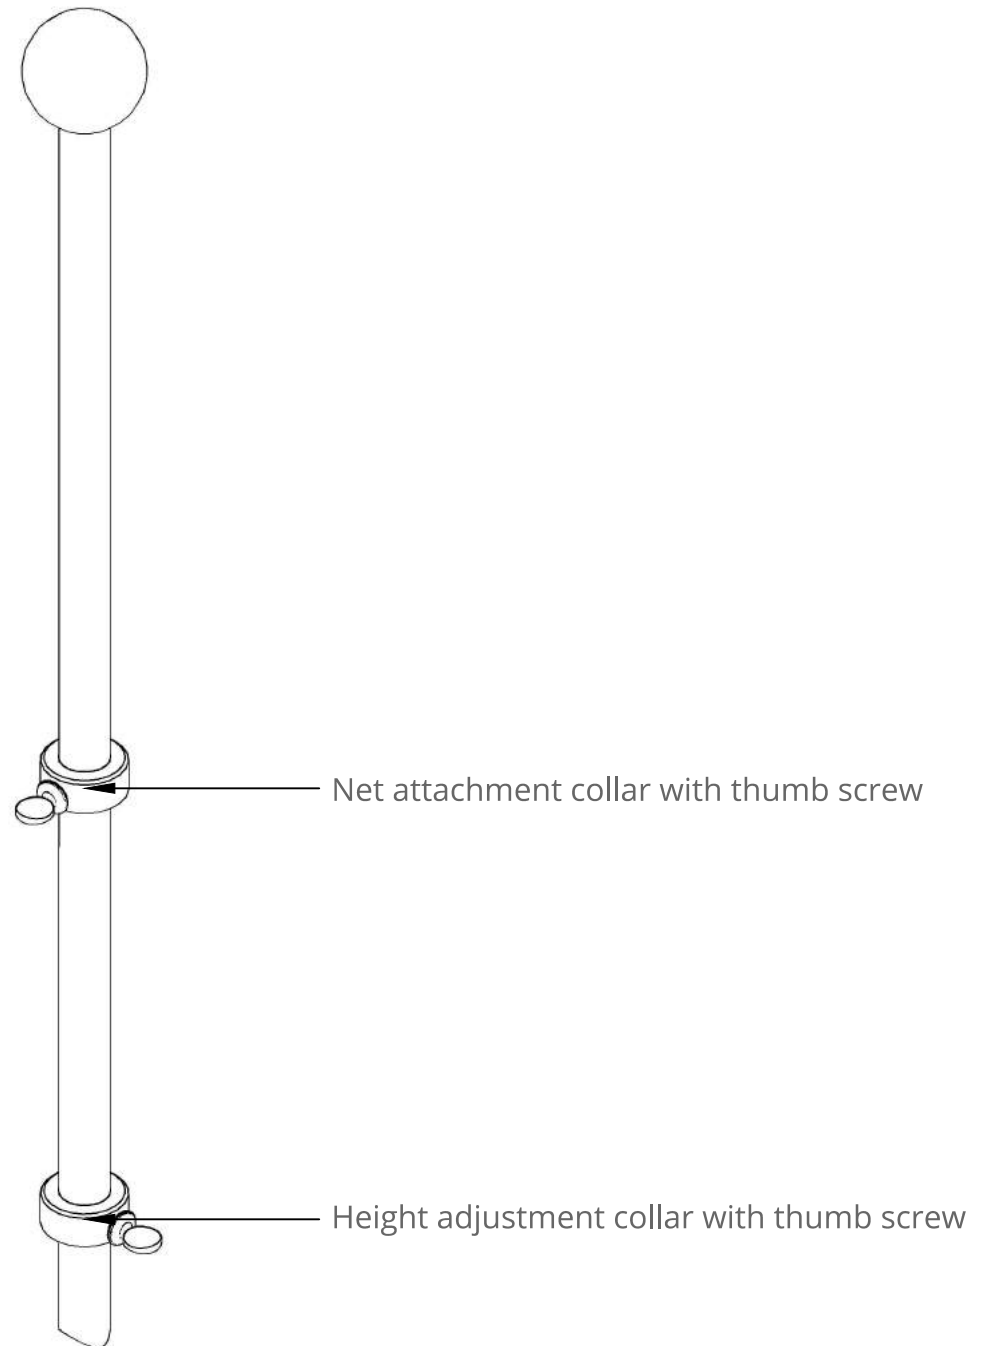

- 1x Crop Protector Fixing Bracket
- 1x Wood Screw

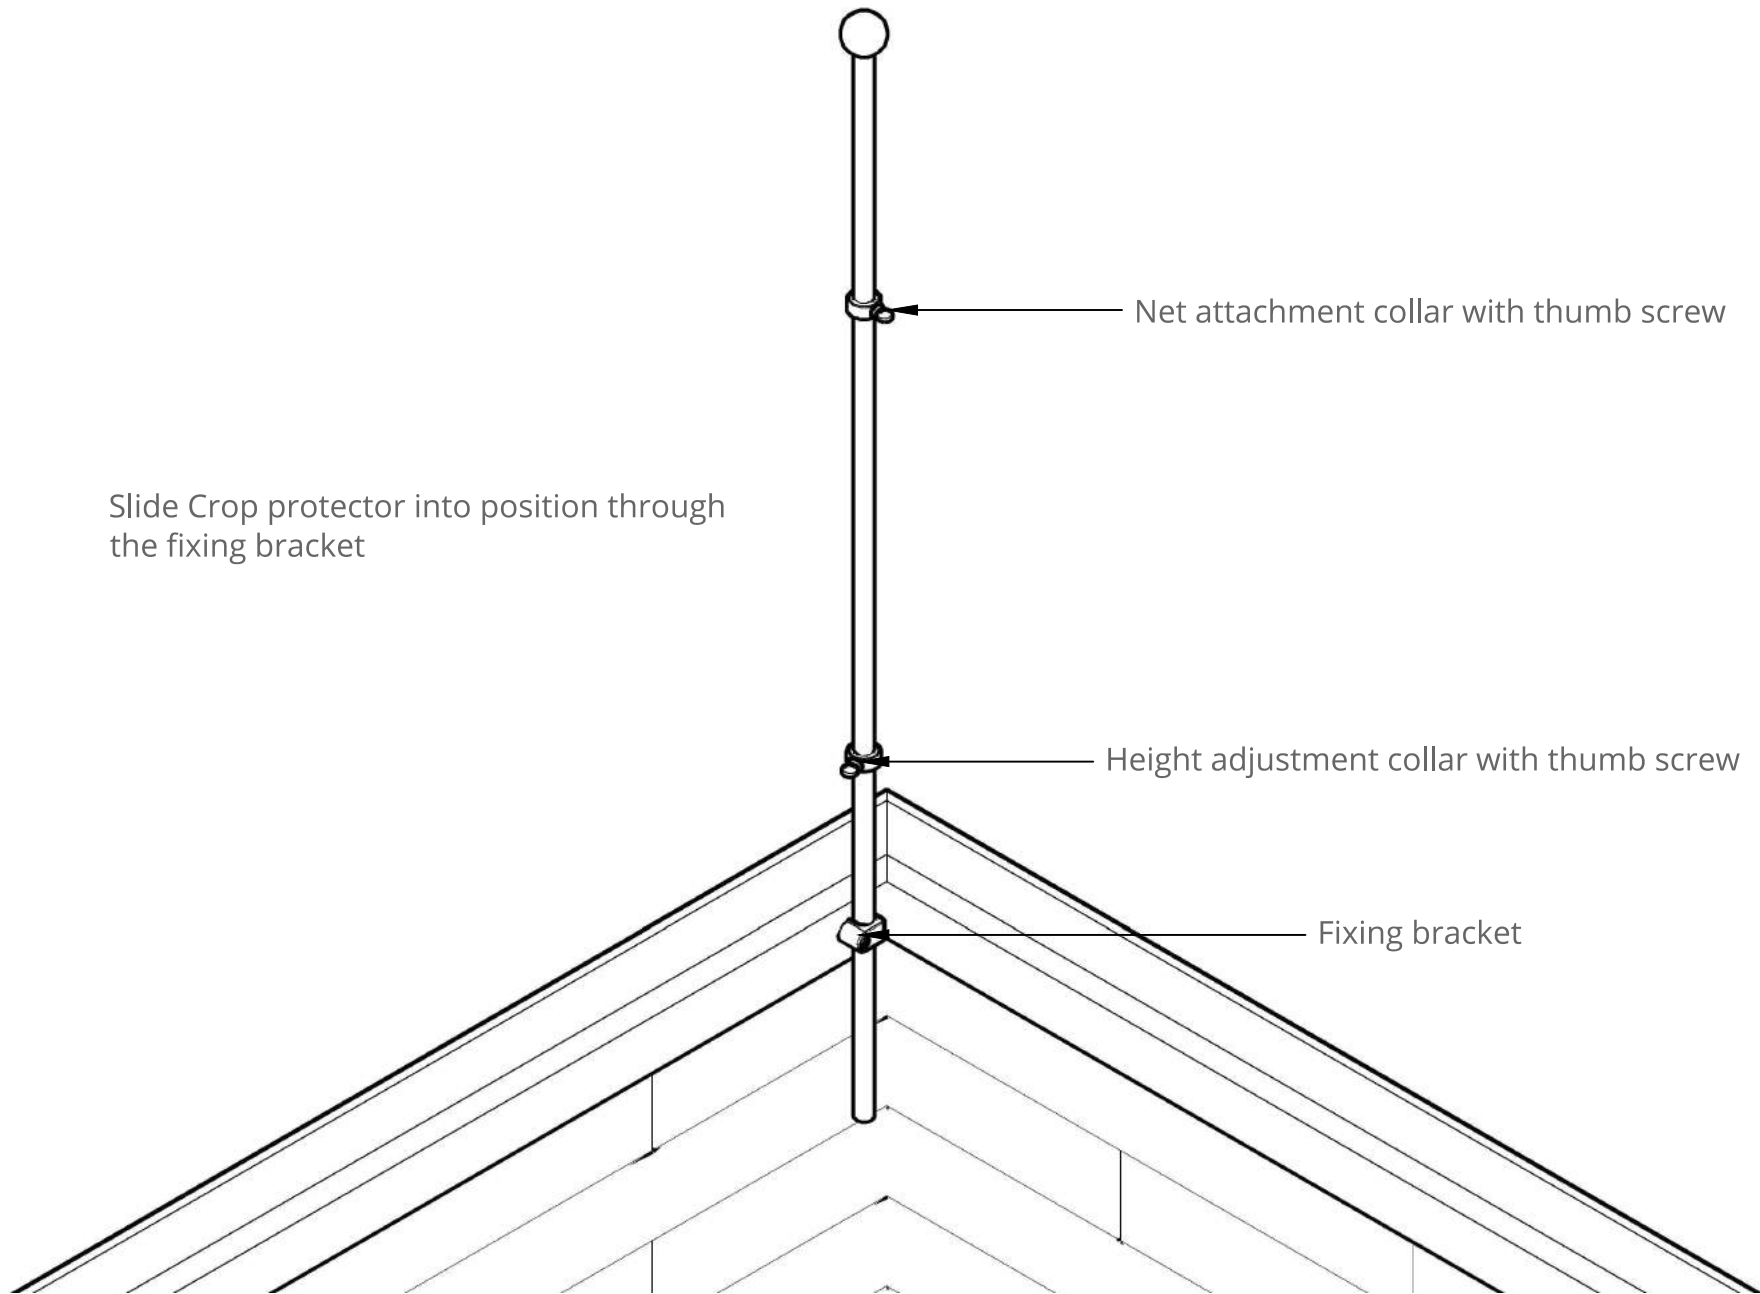

2 |

Manufactured from mild steel.

16mm rod measuring 1200mm in length with a 40mm diameter sphere on top

Slide the easy access net attachment collar & the height adjustment collar onto the crop protector

Your netting will hook onto the net adjustment collar

The netting can then be lowered and raised simply by adjusting the collar up or down

WoodBlocX **do not** supply netting
